

ROUTE INSTRUCTIONS

SI: Click “Start the Rallye” on the app before you leave the parking lot at the start (make sure you had the rallyemaster check that you had it set up when you registered). Continue straight across Cuesta to Montalto. Your app should pick up a coursemarker **R 6** on Montalto between Leona and Lola – if you don’t find this coursemarker, return to the start to check that everything is set up correctly with the app. After the first few RIs, there's a checkpoint at Bubb Park that will allow you to confirm that the app is working well. End SI immediately after crossing Cuesta.
